Route Set Sunday !

Thanks to everyone who came along to the Big Reset Night at the Wall on Wednesday ! An action packed night, with 22 club members, and Sparks our club mascot labrador. Stripping holds, sorting into their colours and cleaning down all the panels, in a record 2 ½ hours.

Highlights of the evening included Linda and Rob coming in from the Netherlands, to lend a hand on belays. Stu managed to find a "features only" route when it was all over. Sparks did some tail wagging!

We all retired to the pub for celebrations, speeches and to make a fuss over Sparks. What a night!

Read on for what happened next, there are now 46 fabulous new routes up at St. Nicks, ready for action this week !
